- c. Add on page 23 of 34:

Final Selection

The Technical Evaluation Team will provide a formal briefing and will seek concurrence of the selected proposer from the CMGC Oversight Committee. The CMGC Oversight Committee will review the information provided by the Technical Evaluation Team to ensure consistency with the RFP and project goals. The CS Contractor Administrator will notify all proposers of the Technical Evaluation Team's decision.

3. Construction Contract Bonds is revised as follows on page 12 of 34:

"Provide a letter from a surety company indicating that the Contractor is capable of obtaining Payment and Performance Bonds covering Project No. S-LC53(45); Southern Parkway, New Airport to Washington Dam Rd for at least \$30 ~~\$26~~ million."

4. "3. Project Approach" page 16 of 34 is revised as follows:

Do not supply fixed calendar dates for this model or in any part of your Proposal. You may show time durations for construction beginning with the end of design but not start or completion dates associated with a calendar time. Design completion dates will not be known until a contractor has been selected and project planning and scheduling has occurred. Specifying a construction completion date will force you to assume at design completion date that is not known. **Assume a design completion date for an initial grading package of September 1, 2010 when developing an anticipated schedule.** ~~If a date is specified~~ there will be a Department expectation that the contractor will meet those dates. A proposed completion date may impose an unrealistic schedule on the whole project.

5. "Interviews" on page 22 of 34 is revised as follows:

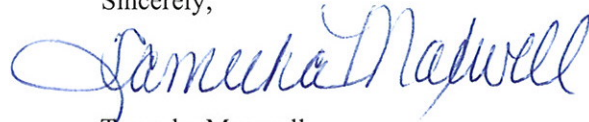

Up to ~~3~~ **5** representatives of participating Proposers will be allowed to attend the Interview with members of the ~~Selection Team~~ **Technical Evaluation Team**. Proposers will determine who will attend the interview. The time and location of this interview will be communicated

after the ~~Selection Team~~ **Technical Evaluation Team** meeting. A letter explaining the interview format and content will be sent to participating Proposers. ~~Selection Team~~ **Technical Evaluation Team** members will use the *Interview Format Worksheet (see Appendix A – Attachment 1)* as a guide to develop the format of the interviews.

**ADDENDUM IS AVAILABLE AND MAY BE DOWNLOADED FROM THE UDOT
WEBSITE AT <http://eprpw.dot.utah.gov>**

**RECEIPT OF THIS ADDENDUM MUST BE ACKNOWLEDGED WHEN YOU
SUBMIT YOUR PROPOSAL.**

Sincerely,
